EXPERIENCE

Back-End Developer

Qinash Technologies

📅 08/2022   📍 Addis Ababa

Qinash finds the best discount deals from a wide variety of sellers found in Addis Ababa. Helping shoppers find the best offers in town and get them delivered to their doorsteps.

- Relentlessly worked as a back-end resource and handled one complete service of more than 200 functions for the successful completion of the project
- Optimized the back-end micro services and lowered the service request time from 700ms to 150ms
- Worked closely with with product manager & back-end lead to launch the application within the span of 6 months
